Designer who codes. 10+ years building for the web.

## Experience

### Senior Design Engineer, Scribe

Aug 2024–Present

Led design systems during a period of rapid growth. Conducted bi-annual developer experience surveys to understand usage and needs. Improved documentation and standardized usage across web, desktop, and mobile.

### Co-Founder, Namesake

Feb 2023–Present

Designed and built an application to assist trans people in the U.S. with the legal name and gender marker change process. Helped facilitate name change clinics in collaboration with the Massachusetts Transgender Political Coalition.

### Freelance, Eva Decker

Sep 2021–Present

Led design systems, engineering, and design mentorship for various clients.

### Contract UX Engineer, Cityblock

Jan–May 2024

Re-hired three years after building Cityblock's original design system. Conducted interviews; shipped holistic changes across Figma and React to improve component accessibility, visual design, and developer experience.

### Contract UX Engineer, Talkiatry

Sep 2021–Mar 2022, Feb–Nov 2023

Implemented Talkiatry's first design system. Evaluated existing open source design systems; discussed tradeoffs with engineering; customized styling to match the brand. One year later, re-hired to continue design systems work.

### Design Mentor, Compass Pathways

Oct 2021–Mar 2022

Mentored designers in the design of a companion app for psilocybin therapy.

### Product Designer and Senior UX Engineer, Cityblock

Feb 2019–Jul 2021
